Vol. XIV, No. 6

APRIL 1970

VIRGINIA AIR NATIONAL GUARD

## MINI-ORI 11 & 12 APRIL 1970

### MINI ORI

On 11 April 1970 the 192d Tactical Fighter Group will be tested on a Mini ORI by personnel from the 108th Tactical Fighter Wing.

The Unit will be tested on its capability to process and deploy personnel and materiel in accordance with the Unit ORI time schedule of events. The capability of home base units to deployment and the adequacy and effectiveness of mobility planning actions.

Some of the important evaluation factors are as follows:

1. Notification and recall of personnel subject to deployment and other base personnel supporting the deployment.

2. Activation and operation of the following areas in accordance with 192d TFGM 400-1.

- Mobility Control Center
- Movement Control Unit
- Air Passenger Terminal
- Load Planning & Coordination Section
- Personnel Processing Line (ADMU)

- Mobility Orders Unit
- Materiel Assembly and Marshaling Areas
- Sub Motor Pool

3. Currency of personnel mobility records and immunizations of personnel subject to deployment.

4. Completeness and accuracy of Air Cargo:

- Packaging
- Squadron Identification Markings
- Team and Increment Markings
- Color Identification Markings
- Weight and Cube Markings
- Squadron Deployment Packing Lists
- Squadron Deployment Load Lists

5. Accuracy, completeness and timely distribution of Air Cargo and passenger manifests.

Personnel processing will continue until all mobility positions of the single augmented Tactical Fighter Squadron have been processed, or until halted by the Inspection Team Chief.

Con't on Page 3

### INSPECTION IN-RANKS

In connection with the MINI ORI the Saturday, 11 April, UTA will begin with an Inspection In-Ranks on the Aircraft Ramp. The uniform for this inspection will be the Service Blue with Visor Cap.

After the inspection and until further notice the uniform is optional. You may wear either 1505's, Blues or fatigues, as appropriate or as directed.

### FIELD TRAINING IN SAVANNAH

Annual Field Training for the 192d Tactical Fighter Group and attached units is scheduled for 8-22 August 1970 at Travis Field, Savannah, Georgia.

There is a possibility that some sections, or portions of sections, may train at different locations. A few examples: Comptroller & JAG - Myrtle Beach AFB, a few Security Police - Shaw AFB, Civil Engineering Flight - unknown, etc.

Home Base Detachment will be held to a minimum this year since we anticipate very few personnel will be attending summer school during this period.

Permission to attend Annual Field Training at another time in order to attend summer school will be considered only when it can be proved that the required subjects are not available during the first semester of summer school.

Do you want to drive your car to camp. If you possess a five (5) Level AFSC you may request permission to travel by TPC from your Squadron Commander not later than 17 May 1970. If you travel by TPC, you will be strictly on your own (your own time and your own expense) and the Government cannot assume any responsibility in the event of an accident or other trouble.

The June UTA has been rescheduled from the 13 & 14 to 20 & 21 to prevent conflicts with the Puerto Rican Deployment.

### DEPLOYMENT TO PUERTO RICO

The 192d Tactical Fighter Group will assume the Air Defense responsibilities of the Puerto Rico Air National Guard while they attend their Annual Field Training, 30 May thru 15 June 1970.

At least twelve pilots and approximately fifty support personnel will deploy to San Juan on 30 May 1970. Support types required for this mission are aircraft maintenance, vehicle maintenance, drivers, fire fighters, operations clerks, supply specialist and POL. If you qualify and can get away for a couple of extra weeks, see your Squadron First Sgt this UTA.

During this period, a minimum of 12 intercept sorties will be scheduled each day to assist the local AC&W Unit with their training.

The majority of personnel will remain for the entire period, however, some may be rotated to give others the opportunity to see Puerto Rico.

### ALL GIRL HONOR GUARD TO PERFORM

On Saturday April 11, 1970, at 1220 hours, the Huguenot High School Honor Guard will perform in front of the hangar. This is an all girl military precision rifle drill team consisting of 18 members and commanded by Diane Alley, a senior at Huguenot High School. The Honor Guard currently holds a first place National Championship title in precision movements, won April 19, 1969 at Fort Myer, Virginia, where the drill team competed against the top girls and boys teams in the Eastern United States.

Plan to be on hand, and offer the team a military audience, as this will be in preparation for the up-coming national competition to be held April 18, 1970 at Fort Myer, Virginia. This will be a well spent 10 minutes.

NEXT UNIT TRAINING ASSEMBLIES  
11 AND 12 APRIL 1970

CAPSULE LAW  
(An AFNS Feature)

The Internal Revenue Service has devised a form (Form 1040X) which may be used to correct an individual income tax return filed on Form 1040A or Form 1040. The Form 1040X must be filed within three years from the date the original return was filed, or within two years from the time the tax was paid, whichever is later. This limitation is extended to seven years for deductible bad debts or worthless securities.

This recent form precludes the need to file a complete new form for the year that the erroneous return was filed and identifying it to be an "amended" or "corrected" return, as was previously required.

The use of Form 1040X is not mandatory, although IRS prefers that it be used to correct individual returns. Additionally, it will be to your advantage to use the new form, particularly if the error you are correcting will result in a return of taxes to you, since its bright yellow color is designed to expedite processing.

Form 1040X is simple to use. Most questions regarding the taxability of certain types of income, allowability of certain expenses as deductions from income, etc., are answered in the instructions for Form 1040A or Form 1040 and related schedules and forms.

Where the Form 1040 and instructions require a schedule or form to be attached, the Form 1040X will also require the attachment of that form. For example, if rental income is decreased, Part II of Schedule B, Form 1040, should be completed and attached to the Form 1040X.

## CHAPLAIN'S CORNER

by  
CHAPLAIN KEN TABER

The Resurrection of Jesus is an objective fact and a subjective experience...you need the spiritual body of Christ and the receptive minds of the disciples for its reporting in the New Testament.

I am always looking for confirmation of the disciple's writings outside the primary source of the New Testament. Here is one of them. It is a poem by John Hall Wheelock where he is talking about his love for his wife, and is saying goodbye joyfully to all the people who have meant most to him, especially her.

"Love—that by the very nature  
of things  
Is doomed, is destined to  
heartbreak, mortal love,  
Which is the form of suffering,  
here and now,  
In its brief moment, yes even  
in its defeat,  
Triumphs over the very nature  
of things,  
And is the only answer, the  
only atonement,  
Redeeming all.

I am not sure that you should do it, but if you put the word Christ or Jesus in the place of the word love, you will say something profoundly true about the resurrection.

"Jesus, who by the very nature  
of things  
Is doomed, is destined to  
heartbreak, mortal Jesus,  
Who is a form of suffering—here  
and now,  
In its brief moment, yes even  
in its defeat,  
Triumphs over the very nature  
of things,  
And is the only answer, the  
only atonement,  
Redeeming all.

If you can get a glimmer of what that means, you have seen the Risen Christ.

*Air reserve forces is established by regulation as a means of indicating both its components Air National Guard and Air Force Reserve, but it is frequently misunderstood.*

*A member of the Air National Guard is properly identified as an Air Guardsman, not a reservist. Those in the Air Force Reserve are reservists.*

## NCO of the Month

SSGT JOHN H. LEWIS  
N.C.O. OF THE MONTH

SSgt John H. Lewis of the 192d Tactical Fighter Group Dispensary has been named the outstanding N.C.O. of the Month of March for the Virginia Air National Guard.

Sgt Lewis enlisted in the Virginia Air National Guard in 1965. He is presently serving in the Dispensary as a Medical Specialist. John previously served on active duty with the 366 Engineer Medical Detachment. His military decorations and awards are European Ribbon, two (2) Battle Stars, Pacific Ribbon, Good Conduct Ribbon and American Defense Ribbon.

In nominating SSgt Lewis for N.C.O. of the Month honors, Captain Mary Rebekovich, of the 192d TAC Dispensary said, "Sgt. Lewis is certainly a credit to this unit and the Air National Guard. He has a distinguished service record and uses his previous experience to help train many of the airmen and N.C.O.'s in the Dispensary. He has a fine quality of leadership and is always on top of the situation in the medical section."

John was born in Richmond, Virginia and graduated from Armstrong High School in Richmond. The Sergeant and his wife, Rosa Lee live at 2302 Benton Street, Richmond. John and Rosa Lee have five children, Jacqueline (22), Cher (19) Brenda (18), Jonsette (14) and John (9). For twenty-five years, Sgt. Lewis has worked at the Medical College of Virginia in the emergency room. He is presently the Emergency Room Technician at M.C.V.

We congratulate SSgt John H. Lewis of the 192d TAC Dispensary for being selected N.C.O. of the Month for the Virginia Air National Guard and salute him on a job well done.

ATTENTION  
Chapel Services will be in the Mess Hall at 1500 hours Sunday afternoon.

## PERSONNEL CHANGES

The following prior service applicants were enlisted into the unit indicated during the month of March 1970.

192D CAMRON

SGT EVANS, R. E.  
TSG LOVELL, J. C.

192D SUPPLY SQUADRON

SGT OSBOURNE, R. G.

The following non-prior service applicants were enlisted into the unit indicated during the month of March 1970.

192D COMBAT SUPPORT SQUADRON

AB EACHO, W. W.  
AB HACKETT, L. W.  
AB THACKER, H. O.  
AB PRICE, T. E., JR.  
AB ROGERS, W. S.  
AB SAULS, JOE  
AB LONG, W. B.

192D TAC DISPENSARY

AB NORMAN, R. N.

192D CIVIL ENGINEERING FLIGHT

AB SCHNEIDER, O. J., JR.

\*\* \*\* \*

The following personnel was discharged from the Virginia Air National Guard during the month of March 1970.

192D COMBAT SUPPORT SQUADRON

ALC DUDLY, JAMES W., JR.

The following personnel reenlisted in the Virginia Air National Guard for a period of three (3) years.

192D COMBAT SUPPORT SQUADRON

The following personnel extended their enlistment in the Virginia Air National Guard for a period of three (3) years.

192D CAMRON

SMS WOODS, G. H., JR.  
TSG WILLIAMS, C. A.

192D COMBAT SUPPORT SQUADRON

TSG HUTCHISON, C. W.

192D SUPPLY SQUADRON

MSG SIRLES, M. O.

192D CIVIL ENGINEERING FLIGHT

SMS REECE, C. M.

## WIVES CLUB NEWS

The Wives Club Meeting will be held in the home of Mrs. William E. Haymes, 107 S. Confederate Avenue, Sandston, Virginia on April 15, 1970, 8:00 P.M. Co-Hostess will be Mrs. Robert Mantlo. The Wives Club Dance will be held on April 25, 1970. Final arrangements will be made at the next meeting. Tickets for the dance featuring the Carousells may be purchased from Mrs. Orville Vick, (\$4.00 per couple) (Dress Casual).

Proceeds will benefit the Club's Service Projects. The program chairman, Mrs. Harvey Mahoney, will show a movie on Christian Children's Fund which is one of the club projects.

The Easter Egg Hunt held at Club 149 was very successful. The music added much enjoyment for the teenagers. On April 2, 1970 the members treated their husbands to the Annual Dinner Theater Party which was held at the Barn Theater.

SPRING CLEANUP TIME  
(An AFNS Editorial)

Long, dreary days of winter have passed and the calendar again promises return of the backyard barbecue, the picnic lunches in green parks and the pleasant drives through garden areas. Spring arrives March 20.

It also is time for those cleanup and repair projects that have been put off during cold weather...waiting for a better day.

No question about it, spring cleanup time offers no fun, but it will make life more enjoyable during summer and early fall when the weather is much too nice for such tasks.

If everyone spends a couple of hours a week during cleanup time, which normally runs to the end of April, everyone benefits. A winter-weary house on a summery green lot is no more attractive to its occupants than it is to passers-by.

Coupling elbow grease with a bucket of paint, or simply soap and water, pays dividends in pride and self-esteem for another year.

TRANSEC "Tip" of the Month

The Third-Man is silent, but he is always on the line. He knows all Tactical Air Command telephone numbers and where to obtain the most useful classified information. The Third-Man is a threat to our national security and your well-being.

## SECURITY

## SECURITY CORNER

Firearms, Ammunition and Explosives: In the present national atmosphere in which bomb threats and bombing incidents are almost daily occurrences and there is nationwide concern over the illegal use of firearms, continued emphasis on the overall security program for conventional munitions, explosives and firearms is essential.

The theft of conventional munitions, explosives and firearms has been an increasing concern to the USAF in the recent past. Proper control of these items must be maintained at all times by responsible personnel to insure they do not fall into unauthorized hands. Items of this nature will not be left unattended when not located in authorized storage areas.

## MOBILITY - from Page 1

Cargo marshalling of Initial Support Team materiel, Enroute Support Team materiel and selected Tactical Support Element materiel will continue until complete or halted by the Inspection Team Chief.

Personnel

The following teams are scheduled to process:

TFE, Tactical Fighter Element (Pilots)  
IST-1, Initial Support Team #1  
IST-2, Initial Support Team #2  
IST-3, Initial Support Team #3  
EST-A, Enroute Support Team A  
EST-B, Enroute Support Team B  
PFT, Pre Flight Team

Equipment

Equipment of all teams as shown above plus all increments of WRSK and the Tactical Dispensary will be marshalled.

Personnel scheduled to process and all alternates will have the following items in their possession upon reporting for duty.

1. TAC Form 400 (Mobility Position Card)
2. Full allowance of personal clothing
3. Professional tools and equipment
4. Identification tags
5. Identification Card (DD Form 2AF)
6. Shaving Kit

WHAT IS AN AMERICAN

He is the fellow who yells for the government to balance the budget, then takes the last dime he has to make the down payment on a car.

He whips the enemy, then gives him the shirt off his back. He yells for speed laws that will stop fast driving, then won't buy a car if it can't make 100 miles per hour.

He knows the line-up of every baseball team in the American and National Leagues and doesn't know half the words of the "Star Spangled Banner."

He'll spend half a day looking for vitamin pills to make him live longer, then drive 90 miles an hour on slick pavement to make up for the lost time.

He ties up his dog, but lets his 16 year old son do whatever he wants.

He will work hard on a farm so he can move into town where he can make more money so he can move back to the farm. He couldn't fight his way out of a paper bag, but spends 20 bucks for ringside seats, and tells the professionals how to fight. We're the country that has more food to eat than any other country in the world and more diets to keep us from eating. We're the most ambitious people on earth, and we run from morning until night trying to keep our earning power up with our yearning power.

We're supposed to be the most civilized Nation on earth, but still can't deliver pay-rolls without an armored car.

But we're still pretty nice folks. Calling a person "A Real American" is the best compliment you can pay him. Most of the world is itching for what we have, but they'll never have it until they start scratching for it as an individual.

BY LCDR. N. D. ANDERSON

*Editor's Note: We're also the people whose eyes moisten when the Flag goes by in a parade but find a man around who will admit it.*

Truth in Lending Law and Costs

WASHINGTON (AFPS) — The Truth in Lending Law makes it easier to know two of the most important things about the cost of credit:

- The finance charge.
  - The annual percentage rate.
- Both the finance charges and the annual percentage rate must be displayed prominently on the forms and statements used by a creditor.

Many of us know what interest is—six per cent per year for example. Let's suppose you borrow \$100 for one year and pay six per cent — or \$6 — for that money. If you have use of the entire amount for one year you are paying an annual percentage rate of six per cent. But if you repay the \$106 in 12 equal monthly instalments, you do not have use of the entire amount for the full year. In fact, over the entire year you have the use on the average of only about half the full \$100. So the \$6 charge for credit in this case becomes an annual percentage rate of 11 per cent.

Some creditors levy a service charge or a carrying charge or some other charge instead of interest, or perhaps they may add these charges to the interest. Under the Truth in Lending Law they must now total all such charges, including the interest, and call the sum the finance charge. And then they must list the annual percentage rate of the total charge for credit.

The Truth in Lending Law does not fix interest rates or other credit charges. Your state may have a law setting a limit on interest rates, which would still apply.

Chances are, then, that if the monthly statements and other materials you receive from companies giving you credit look different now, it doesn't mean they've changed their rates, only their way of showing them to comply with the Truth in Lending Law. Your department store bills, for example, should now list both a monthly rate (for example, one per cent, 1 1/2 per cent, or some other number) and the annual percentage rate. This may be 12 per cent, 18 per cent or some other percentage, but it will usually be 12 times the monthly rate.

The law also gives a new look to the advertising of credit terms. It says that if a business is going to mention one feature of credit in its advertising, such as the amount of down payment, it must mention all other important terms, such as the number, amount, and period of payments that follow. If an advertisement states "Only \$2 down," it must also state, for example, that you will have to pay \$10 a week for the next two years. Here again, the intent is to provide you with full information, so that you can make informed decisions.

One other important provision of the law is designed for your protection in case your home is used as collateral in a credit transaction. This frequently occurs when you are having a major repair or remodeling job done on your home. Now, when you enter into a credit transaction in which your home is used as collateral, the law gives you three business days to think about it and to cancel the transaction during that period if you wish. The creditor must give you written notice of your right to cancel, and if you decide to cancel the transaction, you have to notify him in writing.

Under this right of cancellation, the contractor cannot start work until the three days are up. You may give up your right to cancel and get the work started without the three-day wait, if you notify the contractor in writing that you face a real financial emergency and need the credit immediately to finance repairs necessary to avoid danger to you, your family, or your property.

A Yank Classic

Aug. 10, 1942
