## VIRGINIA AIR NATIONAL GUARD

31st Year, No. 12

Richmond IAP, Sandston, Virginia

December 1987

### Maynard assumes command of Fighter Squadron

LtCol Terry A. Maynard, a Virginia Air National Guardsman since 1969, has taken command of the 149th Tactical Fighter Squadron.

Maynard, a captain with Eastern Airlines, succeeded LtCol John R. Shurley III as commander of the 149 TFS, the Virginia Air Guard's flying element. The appointment was effective October 3.

After six years as fighter squadron commander, Shurley became commander of the newly formed 192 Mission Support Squadron.

Maynard, 45, was a flight commander with the 149 TFS before he was appointed squadron operations officer in 1984. LtCol William C. Jones Jr., who was chief of standardization and evaluation in the fighter squadron, succeeded Maynard as operations officer.

A native of Purcell, Oklahoma, Maynard grew up in Oklahoma City. He received a bachelor's degree in business administration from Baylor University in Waco, Texas, in 1964.

He joined the Oklahoma Air National Guard, and earned his pilot's wings in May 1966. He transferred from the Oklahoma Guard to the Virginia Air National Guard in April 1969.

Maynard and his wife, Donna, live in Gainesville, Va., about seven miles west of Manassas, with their three children, Bryan, 16, Steven, 14, and Susan, 10.

Lt Col Terry A. Maynard  
Commander, 149th TFS

### AF Advisor Reassigned

By Maj Bill Martin

Port call date was 5 November 1987 for LtCol Dave Robertshaw as he assumed his new duties as Operations Officer for the A-37 squadron at Howard AFB, Panama. Although he had several other "lucrative" offers as follow-ons to his 3 year tour as the Air Force Advisor to the Virginia Air National Guard, this was, he said, "the only one in which I could be assured of being able to fly and party with the Virginia folks once or twice a year".

Although involved with virtually every daily base-level activity and assisting with Stan/Eval inspections, UEIs and ORIs, Dave was also the driving force behind the unit receiving the USAF Outstanding Unit Award. According to LtCol Bill Rose, Deputy Commander for Operations, "Deployments and accomplishments are certainly the first steps in qualifying for the AFOUA, but it doesn't stop there. Making sure the right paperwork gets to the right place at the right time is the next crucial step, and Dave was the person who made that happen". His total involvement with the unit included, but was not limited to, operational training needs, recreational equipment, volunteer support for the Special Olympics and assisting in the activation of the 203 Civil Engineering Squadron.

Indicative of Dave's base-wide popularity, approximately 200 of his closest friends gathered for an "AMF Party" at Club 149 on 22 October 1987 to bid him farewell, good luck, and to get their advance orders in for Columbian coffee!

The new AF Advisor is another "Dave", LtCol Dave Fisk, a native of Waynesboro, Virginia. Formerly the Chief, Special Systems Division, Headquarters TAC, Dave has accumulated approximately 1500 hours

### SEASONS GREETINGS *from the Commander*

This is a special time of year when we can count our blessings and look ahead to the challenges in the coming year.

Only last week most of us had the good fortune to sit down with our families on Thanksgiving Day and take stock of the many things for which we are grateful. The upcoming year-end holiday season -- Christmas and Channukah -- give us another opportunity to celebrate the various freedoms that we enjoy.

We can take pride in remembering that our collective efforts help us sustain those freedoms -- freedom of religion, speech, due process of law. They are principles that are not recognized in some countries.

By working together to keep the Virginia Air National Guard a reliable part of the nation's defense forces, we help protect these freedoms. Many people don't realize it, but they depend on us. We have to continually be on guard to earn their trust.

Highlighting another busy year for the VaANG are an operational readiness inspection in March, a Coronet Cove trip in May and a deployment to Norway later in the year. All will require an extraordinary amount of work to prepare for adequately. We want to handle them more than "adequately" -let's try "excellently".

I wish the best to each of you and your loved ones. Enjoy your holidays. Come back refreshed and reinvigorated.

Let's make 1988 another banner year.

continued from page 1

in the F-4. He now has 7 hours in the A-7D, and will be returning from Tucson, Arizona around mid-December. He currently lives in Yorktown, Virginia, is married and has three sons aged 11, 13 and 15 years. Dave knows he has some large shoes to fill, but being a Virginia boy, says he is sure he can "rise to the occasion".

**BATTLE DRESS UNIFORMS (BDUs)  
NOW AUTHORIZED**

All personnel are now authorized to wear the Battle Dress Uniform (BDU), woodland pattern only, in lieu of the standard fatigue uniform. Personnel who currently have or can obtain the BDUs may wear them immediately. Funding problems are currently being worked for providing BDUs at Lackland AFB and for making them available for purchase at military clothing sales stores. It should be noted that it will be some time before adequate supplies are available to facilitate issue to all. Wear of the standard OG 507 fatigue uniform still remains authorized until a phaseout date is established.

BDUs are acceptable in all base offices and base establishments. They may be worn to off-base establishments to include short convenience stops and eating at fast food restaurants. Convenience stop may include short stop at shopping malls. Members will not wear BDUs to off-base establishments to do extended shopping, dining, socializing, or take part in any entertainment. BDUs will not be worn in establishments whose primary function is to sell or serve alcohol. When wearing the BDUs, all grooming standards outlined in AFR 35-10 apply.

The following is a breakdown for wear of the BDUs:

**SHIRT** - Long sleeved camouflage pattern, cotton and nylon twill with button front, wing collar, button cuff closing and four expandable pockets. Must be worn outside the trousers. If authorized by the installation commander, sleeves may be rolled up. If rolled up, sleeves will touch or come within one inch of forearm when arm is bent at a 90 degree angle.

**TROUSERS** - Camouflage pattern, cotton and nylon twill with button front closure, strap ankle adjustment and six pockets. Trousers must be bloused over combat boots.

**UNDERGARMENTS** - Females must wear bras and panties. All members must wear undershirts or T-shirts. If

visible, the shirt must be green or brown.

**SOCKS** - Either black or white socks must be worn. However, during contingencies, exercises or deployments, if white socks are worn, black socks must be worn over them.

**FOOTWEAR** - Black combat boots (including jungle boots) with or without safety toe may be worn. Boots may have zipper or elastic inserts.

**BELT AND BUCKLE** - Dark blue woven cotton web or elastic belt with black metal tip and matching buckle must be worn. Black tip of belt may extend up to two inches beyond the buckle facing the wearer's left.

**HEADGEAR** - The camouflage pattern BDU cap may be worn in all instances. A camouflage pattern organizational baseball cap is authorized and may have subunit designation and organizational emblems as prescribed by the installation commander. The baseball cap will not be worn on exercise deployments outside the CONUS. Security Police personnel may wear the distinctive blue beret.

**ACCOUTERMENTS** - BDUs will be configured in the same fashion as the present OG 507 fatigue uniform. This includes wear of grade insignia, USAF and name tapes, patches, and badges.

Other functional clothing usually worn with BDUs will be prescribed by the MAJCOM or installation commander and will be listed in the appropriate supplement to AFR 35-10.

Additional information will be published as it is received in this office. The CBPO is the OPR for AFR 35-10 and will answer any questions you may have in regards to the above. You should contact the CBPO, Customer Service Section, ext 310, for assistance (NCOIC, SMSgt Brooks).

**SPECIAL TROPHY AND AWARDS PROGRAM**

On 28 October 1987, unit commanders and deputies were forwarded a letter from the State Headquarters regarding the Special Trophy and Awards Program for 2d quarter, FY88. You are asked to review the list sent you and where appropriate, submit nominations for deserving individuals. The Virginia Air National Guard has had a number of individuals selected as award winners in the past and has individuals who are deserving of such awards now. Take just a few moments and recognize those individuals who help to make the Virginia Air National Guard the great unit it is.

**ATTENTION CLUB MEMBERS**

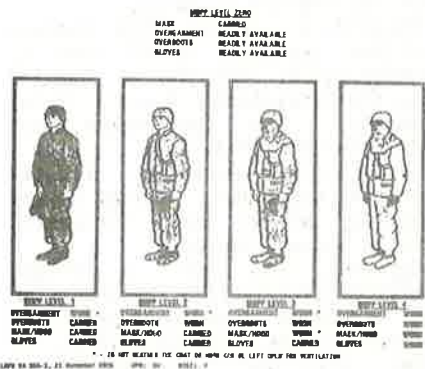

There will be a general club membership meeting on 3 December 1987 at 1700 in the club. The main purpose of this meeting is to elect new club council members.

**OPERATIONAL READINESS EXERCISE (ORE)**

Wear of the chemical protective gear will be governed by the Mission Oriented Protective Posture (MOPP).

The MOPP will be used by your commanders to determine how much chemical protective gear will be worn.

Disregard all previous instructions for donning chemical gear which may conflict with the one shown.
